

World Skin Health Day
skin health for all

BROUGHT TO YOU BY

XXth INTERNATIONAL CONGRESS OF DERMATOLOGY

Dermatology in the tropics in the era of Artificial Intelligence

PRE-PROGRAM

Topics

- Generative AI and Dermatological Practice ✓
- Atopic Dermatitis in Sub-Saharan Africa ✓
- Neglected Tropical Skin Diseases ✓
- Albinism and Cultural Issues ✓
- General Dermatology ✓
- Pediatric Dermatology ✓

Dermatology in the tropics in the era of AI

For its XXth Hybrid Congress and its IVth World Skin Health Day (WSHD), the Malagasy Society of Dermatology (SOMADER) has chosen the theme: "Dermatology in the Tropics in the Age of Artificial Intelligence (AI)".

On the first hand, any dermatological diseases pose challenges for healthcare systems, particularly in Africa, Asia and Latin America. Neglected tropical diseases (NTDs) with skin manifestations, such as deep mycosis (including chromoblastomycosis, sporotrichosis and mycetoma), as well as other infectious dermatoses such as scabies, leprosy, lymphatic filariasis, cutaneous leishmaniasis, etc., affect vulnerable populations in resource-limited countries. These conditions are often underdiagnosed and inadequately treated, then exacerbating patient suffering. In the other hand, other dermatosis such as atopic dermatitis, are currently under consideration to integrate in the list of skin NTDs, with the collaboration between ISAD, ASDV and WHO. Meanwhile, Albinism, which has a particularly high prevalence in sub-Saharan Africa, presents major new social challenges, such as stigmatization and occult beliefs.

However, nowadays we stand at a historic turning point, where science and technology are converging to redefine medical practices. Once confined to the realm of science fiction, artificial intelligence (AI) has now become a tangible reality, an invaluable tool to help in the diagnosis, treatment, and prevention of dermatological diseases

This year, as part of our 20th anniversary celebrations, this International Dermatology Congress will be held in the capital at Carlton Anosy. As every year, we will welcome speakers from multiple countries in collaboration with the WHO, Global Dermatology, ISAD, ASDV, and ILDS.

Last year, our Congress was accredited with 7 CME credits by UEMS-EACCME. This year again, we have started the same application with this International Scientific Event Accreditation Body.

Presentations will be delivered in English or French, with subtitles in multiple languages, to raise awareness and maximize the impact of this event—a symbol of our collective commitment to improve the health of the most vulnerable populations.

The participation of numerous experts from around the world not only facilitates the exchange of knowledge and best practices but also fosters the exploration of innovative solutions, including AI, to address the shortage of human and material resources in remote areas.

This congress marks a significant milestone, solidarity, and commitment to equitable and accessible healthcare. It represents a crucial step toward achieving the objectives outlined in the 2021-2030 Roadmap, which aimed to eliminate NTDs and other dermatological challenges, ultimately improving the health and well-being of millions worldwide.

Together, let us work hand in hand to create a more inclusive, accessible, and innovative future for medicine.

Enjoy the conference

Prof. RAPELANORO RABENJA
Fahafahantsoa
Président

Prof. RAMAROZATOVO

SCIENTIFIC PROGRAM: OVERVIEW

TUESDAY JULY 01, 2025

Official Opening

Session 1: Atopic Dermatitis (Part 1, Part 2 and Part 3)

Session 2: AI Generative and Dermatological Practice

WEDNESDAY JULY 02, 2025

Session 3: Pediatric Dermatology

Session 4: Infectious Dermatology

Session 5: Psychodermatology

Session 6: Albinism

Session 7: Open Communications

Official Closing Ceremony

JULY 03 TO 07, 2025

Post-congress. WSHD community dermatology field mission, mass consultation in Ranomafana and Ampasimanjeva

SCIENTIFIC COMMITTEE

MADAGASCAR

·Prof Fahafahantsoa RAPELANORO RABENJA

·Prof Lala Soavina RAMAROZATOVO

·Prof Irina Mamisoa RANAIVO

BENIN

·Prof Félix ATADOKPEDE

FRANCE

·Prof Antoine BERTOLOTTI

SOUTH AFRICA

·Prof Ncoza DLOVA

CAMEROON

·Prof Emmanuel Armand KOUOTOU

ORGANIZATION COMMITTEE

Medical Team

·Dr Fandresena SENDRASOA

·Dr Malalaniaina ANDRIANARISON

·Dr Onivola RAHAROLAHY

Technical Team

·Dr Herizo ANDRIAMBOLOLOLONIAINA

Office Team

·Mme Ny Ony RAKOTOARISOA

TARGET AUDIENCE

Medical Doctors worldwide, from the public sector (hospitals, primary health centers) and private practice, private practice physicians, and company physicians.

General practitioners and specialists, dermatologists, infectious disease specialists, biologists, pediatricians, rheumatologists, surgeons, internists, and other medical specialties.

Medical students.

Nurses.

DETAILED SCIENTIFIC PROGRAM

TUESDAY JULY 01, 2025 | MORNING

08:00 - 09:00	Local Authority, WHO, ILDS, ISAD, SOMADER	Official Opening
SESSION 1: ATOPIC DERMATITIS (PART 1)		
09:00 - 09:15	Chairs: Prof. Rapelanoro Rabenja F (Madagascar), Dr Sendrasoa FA (Madagascar)	AD in Madagascar, from research to management, therapeutic education in AD Malagasy patients. Prof Rapelanoro Rabenja F.
09:15 - 19:45		DA sur peau noire : lien pigmentation-barrière épidermique.Prof Taïeb A
09:45 - 10:15		Education thérapeutique sur la DA. Prof Schmid Grendelmeier P
10:15 - 10:30		Questions & Answers
10:30 - 11:00	BREAK (Visite des Laboratoires exposants)	
SESSION 1: ATOPIC DERMATITIS (PART 2)		
11:00 - 11:15	Chairs: Prof. Rapelanoro Rabenja F (Madagascar), Dr Sendrasoa FA (Madagascar)	ILDS and Global Dermatology- Prof Lim H
11:15 - 11:30		Management of AD in Mali- Prof Faye O
11:30 - 11:45		Management of AD in Senegal- Prof Ly F
11:45 - 12:00		Management of AD in Cote d'Ivoire- Prof Ahogo KC
12:00 - 12:15		Management of AD in South Africa- Pr Dlova N
12:15 - 12:30		Questions & Answers
12:30 - 14:00	BREAK (DEJEUNER)	

DETAILED SCIENTIFIC PROGRAM

TUESDAY JULY 01, 2025 | AFTERNOON

SESSION 1: ATOPIC DERMATITIS (PART 3)		
14:00 - 14:30	Chairs: Prof. Rapelanoro Rabenja F (Madagascar), Dr Sendrasoa FA (Madagascar)	Atopic Dermatitis in Tunisia : Epidemiological profile, diagnostic challenges and impact on quality of life. <i>Prof Lahouel BY</i>
14:15 - 14:30		-Management of AD in Nigeria- <i>Prof Otrofanowei E</i>
14:30 -14:45		Management of AD in Cameroun- <i>Prof Kouotou EA</i>
14:45 - 15:00		Management of AD in Burkina Faso- <i>Prof Niamba PA</i>
15:00 - 15:15		-Management of AD in Tanzania- <i>Prof Mavura D</i>
15:15 - 15:30		Management of AD in Ethiopia- <i>Prof Doni SN</i>
15:30 - 15:45		Management of AD in Guinea- <i>Prof Traoré I</i>
15:45 - 16:00		Questions & Answers
SESSION 2: AI GENERATIVE AND DERMATOLOGICAL PRACTICE		
16:00 - 16:15	Chairs: Profs. Rapelanoro Rabenja F (Madagascar), Faye O (Mali), Bagayoko CO (Mali), Navarini A (Switzerland), Hsu C (Switzerland), Garrette B (France)	Projet IA en Dermatologie & Télédematologie en Afrique, Fondation Pierre Fabre. <i>Mme Garrette B</i>
16:15 - 16:30		Exploration de ChatGPT pour les maladies tropicales négligées de la peau. <i>Prof Blazot R et al.</i>
16:30 - 17:00		Questions & Answers

DETAILED SCIENTIFIC PROGRAM (2)

WEDNESDAY JULY 02, 2025 | MORNING

SESSION 3: PEDIATRIC DERMATOLOGY / DERMATOLOGIE PEDIATRIQUE

08:30 - 08:45	Chairs: Profs. Ramarozatovo LS (Madagascar), Ranaivo IM (Madagascar)	Dermatologie pédiatrique à Madagascar, où en est-t-on ? <i>Prof. Ramarozatovo LS</i>
09:45 - 08:55		-Vitiligo de l'enfant vu au CHU Mahavoky Atsimo Mahajanga. <i>Dr Razanakoto H</i>
08:55 - 09:05		-Cas 1 : Erythème pigmenté fixe chez l'enfant : à propos de trois cas , <i>Dr Rakotonandrasana F</i>
09:05 - 09:15		Cas 2 : Neavus Géant Congénital, <i>Dr Raharolahy O</i>
09:15 - 09:25		Cas 3 : Un cas de mycétome lombaire, une errance diagnostic chez une fille de 17 ans, <i>Dr Ralimalala N</i>
09:25 - 09:35		Cas 4: TBD
09:35 - 09:45		Cas 5: TBD
09:45 - 10:00		Questions & Answers

SESSION 4: INFECTIOUS DERMATOLOGY (PART 1) Update in skin NTDs : from epidemiology to clinical features and biomolecular diagnosis

10:00 10:15	Chairs: Profs. Ramarozatovo LS (Madagascar), Ranaivo IM (Madagascar), Bertolotti A (France)	-Current situation of zoonotic sporotrichosis in South America: New insights of transmission- <i>Prof Queiroz Tellez</i>
10:15 - 10:30		TBD
10:30 - 10:40		-Les principaux diagnostics différentiels des mycoses cutanées profondes, <i>Prof Ramarozatovo LS</i>
10:40 - 10:50		-Diagnostic biologique de la chromoblastomycose et de la sporophthrichose : les techniques utilisées à M/car, <i>Dr Rasamoelina T</i>

DETAILED SCIENTIFIC PROGRAM (3)

WEDNESDAY JULY 02, 2025 | MORNING (NEXT)

SESSION 4: INFECTIOUS DERMATOLOGY (PART 1) Update in skin NTDs : from epidemiology to clinical features and biomolecular diagnosis		
10:50 - 11:00	<i>Chairs:</i> Profs. Ramarozatovo LS (Madagascar), Ranaivo IM (Madagascar), Bertolotti A (France)	Résistance aux médicaments antilépreux à Madagascar : bilan des données actuelles et perspectives futures, <i>Dr Luca M</i>
11:00 - 11:10		MTN Cutanée : Etude épidémiologique, <i>Dr Rakotoarisaona M</i>
11:10 - 11:20		Le retour de la grande simulatrice, syphilis, <i>Prof Ranaivo IM</i>
11:20 - 11:30		Cas clinique difficulté thérapeutique CBM, <i>Dr Rakotoarimanana KA</i>
11:30 - 11:40		TBD
11:40 - 11:45		ILDS. <i>Dr Raharolahy O, Dr Rakotoarisaona M</i>
11:45 - 11:50		<i>Questions & Answers</i>
SESSION 5: PSYCHODERMATOLOGY		
11:50 - 12:05	<i>Chairs:</i> Profs. Rapelanoro Rabenja F (Madagascar), Jafferany M (USA)	Psychodermatology : Brain and skin connection and practical Implications, <i>Prof Jafferany M</i>
12:05 - 12:15		<i>Questions & Answers</i>
12:15 - 13:45	BREAK (DEJEUNER)	

DETAILED SCIENTIFIC PROGRAM (4)

WEDNESDAY JULY 02, 2025 | AFTERNOON

SESSION 4: INFECTIOUS DERMATOLOGY (PART 2)

13:45 - 13:55	Chairs: Profs. Ramarozatovo LS (Madagascar), Ranaivo IM (Madagascar), Bertolotti A (France)	-Peau et cysticercose, Dr Razafimahefa J
13:55 - 14:15		Erysipèle Toamasina, Dr Sata M
14:15 - 14:30		-Actualités dans les IST et Dermatologie infectieuse, Prof Bertolotti A

SESSION 6: ALBINISM

14:30 - 14:45	Chairs: Profs. Rapelanoro Rabenja F (Madagascar), Ranaivo IM (Madagascar)	Albinism in Madagascar and worldwide : Assessing Needs and Challenges. Prof Gliksohn A
14:45 - 14:55		-Prise de parole de Mme Solenne Barbe, Fondation Pierre Fabre
14:55 - 15:05		Photoprotection des personnes atteintes d'albinisme, Dr Ramily L
15:05 - 15:20		Témoignage d'un médecin Malgache atteint d'albinisme : entre stigmatisation, résilience et espoir,
15:20 - 15:30		Questions & Answers

SESSION 7: FREE COMMUNICATIONS

15:30 - 15:40	Chairs: Profs. Ramarozatovo LS (Madagascar), Ranaivo IM (Madagascar), Bertolotti A (France)	Manifestation dermatologique des pathologies rhumatismales dans le service de rhumatologie du CHUJRB , Dr Rakotonirainy OH
15:40 - 15:50		Retour d'expérience dans le traitement de pelade et vitiligo, Dr Ratovonjanahary V
15:50 - 16:00		Epithèse maxillo-faciale : aspects cliniques, Dr Andriamanantena RH Comorbidités Psoriasis à Tamatave, Dr Rakotonandrasana F
16:00 - 16:10		Exentération sur une tumeur palpébrale infiltrante : à propos de deux cas , Dr Ramanantseheho N (Chirurgie maxillo-faciale)
16:10 - 16:20		TBD - Dr Christophe Ibora

DETAILED SCIENTIFIC PROGRAM (6)

WEDNESDAY JULY 02, 2025 | AFTERNOON

SESSION 7: FREE COMMUNICATIONS		
16:20 - 16:30	Chairs: Profs. Ramarozatovo LS (Madagascar), Ranaivo IM (Madagascar), Bertolotti A (France)	TBD - Dr Christophe Ibora
16:30 - 16:40		Un cas de Gyratum repens revelant un cancer du sein, Dr Razanadahy T
16:40 - 16:50		Comorbidités Psoriasis à Tamatave, Dr Rakotonandrasana F
16:50 - 17:00		Crise épileptique révélatrice d'un syndrome de Sturge-Weber : à propos d'un cas, HJ Ranaivoson
17:00 - 17:15		Questions & Answers
17:15 - 17:30	CLOSING CEREMONY
